PERSONAL DATA

Full Name: _____ Male _____ Female _____
Home Address: _____ Home Telephone: _____
Work Telephone: _____
E-mail Address: _____ Social Security Number: _____

ACADEMIC RECORD

NOTE: It is essential that applicants list each college or university attended.

Colleges and Universities Attended (additional space below)	From: Month/Year	To: Month/Year	Major	Month/Year Received or Expected	Cumulative GPA (Basis)

RESEARCH ACTIVITY

Please attach a statement of your current research. This is very important in evaluating your application. The two page, 12-point font, single spaced description of your research statement should include:

- Goals, objectives
- Background statement (what scientific and/or technological reasons motivate the work)
- Approach for achieving the goals
- Progress (if any)
- Program plans
- Impact your results might have in the advancement of your area of research

RÉSUMÉ - Attach a complete resume with your application. Make sure you include:

- List of your publications, with exact titles, names of authors, dates and journals.
- Membership in technical/professional organizations, including AVS. Give dates, occupations and employment in which you have been involved.
- List of activities.
- List all fellowships, scholarships and other honors you have received.
- Include any other information that may help the Awards Committee to judge your qualifications.

RECOMMENDATIONS

Submit below the names and addresses of two persons familiar with your academic and professional experience and ability from whom you have requested a Report on Candidate Form and a letter of recommendation. (One of the forms must be solicited from the applicant's academic advisor.) Recommendation forms should be transmitted directly to angela@avs.org.
